

'Daniel's mum didn't want to uproot her family and leave everything behind but things just got worse. Despite dad's promises he didn't stop and mum had to leave, taking herself and Daniel to a place where they would be safe. Daniel was only able to take a few things with him; he had to leave his school, his friends, most of his favourite toys and his dog Charlie behind.'

## Build a better life for a family who has escaped domestic violence

- Every year 750,000 children witness domestic violence.
- In 40 - 70% of cases where women are being abused, the children are also being directly abused themselves.

To assist in the ever increasing demand for safe accommodation we are opening a brand new refuge in North Staffordshire for families escaping domestic violence. We need your help to start to build a better life for families like Daniel's who have escaped a violent home.

We need to raise £45k to *make sure that families can live happily and safely* whilst they recover from their experiences. You can help us to achieve this by:

- **Sponsoring an entire self-contained room for a family for £4K.** We will name your sponsored area after you, your organisation or your family so that every family living in our refuge knows that their community supports them.
- **Donate or buy an item from our shopping list.** We have a range of items that we need to find for each room including bedding, curtains, sofas, cots for babies, floor covering etc.
- **Make a direct donation**, no matter how big or small by visiting [www.justgiving.com/archns/donate](http://www.justgiving.com/archns/donate) or using Vodafone's JustTEXTGiving service text **BEDS11** and the amount you want to donate to **70070**. (Remember £10 will buy a set of pots and pans or a toaster; £250 will buy a bed and bedding set for a family).
- **Hold your own Fundraising Event** (for ideas on what to do visit our website and look at our Fundraising Pack).

Be part of a future where everyone can live safely and help us to
